Variation

Mahaveer Paper has three primary logo variations for consistent and impactful brand representation across all mediums.

- **Vertically Stacked**- This variation is the vertical logo. This version is suitable for wider spaces, such as website headers or banners as well as for printable.
- **Horizontally Stacked**- This variation places the logo elements side by side, creating a balanced and modern look. It is ideal for compact spaces where width is available but height is limited.
- **Icon Only** - Use it only where stacked versions are not applicable.

Colour Variants

The logo can be interchanged based on the colour of the background. The background placed here is only representative of lighter or darker backgrounds.

Do not create your own colour variants and combinations apart from the brand colour palette (Check Brand Colours section).

With Backgrounds

The logo unit is versatile and can be placed on coloured backgrounds, provided that it remains easily discernible and stands out prominently.

When using the logo on light backgrounds, it should be presented in its original, full-color version, ensuring that all elements are clearly visible.

Clearance

The logo is well structured, precisely measured and well crafted.

Using the grid system, this look is achieved.

This grid system ensures a balanced and harmonious layout that enhances the logo's overall visual appeal and professional appearance.

The clearance zone is essential for your logo to be clearly distinguishable from other graphic elements.

Please avoid the positioning of any element closer than the defined clearance zone.

Collaboration

When placed with another logo, Mahaveer Paper's logo should be clear, balanced, and equally visible. Maintain spacing so both logos stand out.

Minimum Size

To ensure visibility and legibility, the logo should never be presented in sizes smaller than the requirement that are shown.

DIGITAL (Smallest Size in Pixels)

Size = 221 px (W) × 121 px (H)
Aspect Ratio: 1.83 : 1

PRINT (Smallest Size in Millimeters)

Size = 18.7 mm (W) × 10.2 mm (H)
Aspect Ratio: 1.83 : 1

Placements

For maintaining consistency across all communication sizes and dimensions, it is essential to stick to specific guidelines when using the logo on every art-board and page.

Ensure the logo is positioned at equal distances from all edges, as indicated in the guidelines.

Incorrect Placements

Incorrect Usage

Please refer to the examples provided for incorrect logo usage. It's essential to adhere to these guidelines to avoid using the logo incorrectly.

DO NOT stretch the logo horizontally.

DO NOT stretch the logo vertically.

DO NOT drop shadow to the logo.

DO NOT outline the logo.
